MEMORANDUM FOR NEBA, MARIE

Reg. No. 99403-379

FROM:

Jody R. Upton, Warden

SUBJECT:

Compassionate Release/Reduction In Sentence (RIS)

Consideration for your release, under the provisions of Title 18, United States Code, Section 3582 (c)(1)(A), and Bureau of Prisons' Program Statement 5050.49, has been given careful review, which included case summary information and length of time served. Based upon this information, your request for a Compassionate Release/Reduction In Sentence (RIS) has been denied.

Currently, you do not meet the criteria for a Reduction In Sentence based on Medical Circumstances – Terminal Medical Condition. Although you have a terminal medical diagnosis, you do not have a life expectancy of 18 months or less. After careful review of this information, consideration for Compassionate Release/RIS is denied. In compliance with Bureau of Prisons' Program Statement 5050.49, you may appeal this denial through the Administrative Remedy Program.

Medical staff will continue to monitor your conditions as clinically indicated. I suggest you continue to work with your unit team, your designated medical team, and your assigned social worker to address your needs, as they may arise.
